Tenuta Bally & Von Teufenstein
At the gates of the city of Lugano lies this splendid 80-hectare estate, which not only produces wine, but also farms the land and raises livestock. The estate boasts a long history, dating back to 1917 when Ernst Otto Bally, a visionary of his time, founded the business, which developed into an independent winery with 6.5 hectare of vineyards. Initially, only the surrounding fields were cultivated, then Ernst Otto began to devote himself almost exclusively to viticulture, planting new vineyards that grew quickly and were perfectly suited to the climate.

The central area of the estate consists of a Florentine-style villa “La Crespera”, the farmhouse “La Piana” and a rectangular building “il Ronco” which dates back to the eighteenth century.

Today the estate belongs to the grandchildren of Ernst Otto - the von Teufenstein and Bally families.
Enjoy unforgettable moments in this peaceful landscape of breath-taking beauty.

The estate also offers wine tastings accompanied by appetising snacks, combined with a visit to the cellars, guided by the estate’s wine expert.

The location is suitable for all kinds of private or business events, such as weddings, celebrations, anniversaries, birthdays, parties, brunches, meetings, conferences, gala dinners, corporate business events, exhibitions, sports events and barbecues.

Between 35 and 40-thousand bottles of wine are produced annually using the Merlot, Cabernet Sauvignon, Cabernet Franc, Chardonnay and Sauvignon Blanc grape varieties.
In addition to the main buildings, the location also offers a 340 m² structure with an aluminium floor and draped interior ceiling, creating a fine silk effect. It can accommodate a maximum of 300 people and can be furnished to suit all requirements and tastes, with round or rectangular tables and chairs, as well as a range of other furnishings and decor. The convenient entrance with its attached parking area means that your guests can reach the estate in under 10 minutes from the city and they will be captivated by the striking setting of an event that is perfectly in tune with your ideas and in perfect harmony with its surroundings.

A century-old olive tree stands at the entrance of the estate and offers a beautiful contrast in colour during the change of seasons: the yellow of the primroses in spring, the amaranth red of the grapes in late summer and the orange brown of the chestnut shells in autumn.
